

Ceiling Tiles

Kastner Design Associates

KASTNER DESIGN ASSOCIATES - CEILING TILES

Our Motivation:

At Kastner Design, we have always been motivated to bring the peace and spiritual centeredness we feel outdoors to share with viewers in interior environments. Doing all the creative and production steps with the finest appropriate materials has always made our end products relatively costly. Our clients and the viewers of our installed work have always praised the feeling they impart, including a number recently who have told us sincerely - "There should be one of these in

every room!" Happily, modern technology has opened a pathway allowing that possibility . . .

Our Offer:

To allow "one of these in every room", we need to supply a reasonably priced product. For us, this means consolidation of tasks both creative and administrative, and working in quantity. We are trial marketing this idea in groups of fifty assorted tiles, with breaks as shown below:

50 @ \$200 ea.
150 @ \$180 ea.
300 @ \$170 ea.
300 + (50x) @ \$160 ea.

Our Product:

- 2' x 2' Acoustic Ceiling Tiles
- Armstrong Health Zone Ultra
- UV Cured outdoor printing inks
- Easily installed in existing grid
- Easily cleaned and disinfected
- Easily moved to provide variety
- Use in small groups, or
- Use large groupings as a mural
- Range of ready imagery
- Custom imagery available
